Quickly assembled in just minutes, slide the tubes together and lock them in place with a push button snap to assemble the frame. Then, simply pull the pillowcase-like graphic over the frame and zip it shut. The bottom zipper — hidden from view, tightens the stretch fabric beautifully displaying your graphic from edge to edge. Disassembled, the lightweight frame and graphic fits inside a beautiful compact silver bag. Like our premium EZ Tube, the Straight 30 is also available in several sizes and shapes. Quantity pricing is available on our website.

SET UP INSTRUCTIONS

A. Horizontal / Vertical frame Tubing

The main frame tubing and support bar are multi-piece units, connected with an internal bungee cord. Connect all of them together using the push caps and lay them to the side.

B. Bottom Corner / Feet

Attach each foot to a bottom corner base using a bolt and washer.

C. Bottom Corner / Horizontal and Vertical Tube

Attach each bottom corner base to each side of a horizontal and vertical frame tube. Each end is conveniently marked with a letter/number decal.

D. Top Arch / Horizontal and Vertical Tube

Attach each top corner arch to each side of a horizontal and vertical frame tube. Each end is conveniently marked with a letter/number decal.

E. Middle Support Bar

Complete the structure by sliding in the middle support bar, one end at a time.

F. Install Graphic

Drape the top of the frame, starting with the open end (bottom) of the graphic. Pull the graphic all the way down and zip the bottom shut to maximize tension.
